FRÉDÉRIC MAGOULÈS
BSc, MSc, PhD, FIMA, FBCS
Professor of Applied Mathematics and Scientific Computing

COMPLETE LIST OF PUBLICATIONS AND RESEARCH OUTPUTS

COMPLETE LIST OF PUBLICATIONS

Authored Books

[1] F. Magoulès, F.-X. Roux, and Q. Zou. 并行科算 *(Parallel Scientific Computing)*. Publishing House of Electronics Industry, China, 2026. Hardcover 212 pages (in Chinese).

[2] F. Magoulès, H. Zhao, and C. Yimin. 建筑能耗分析中的据挖掘与机器 *(Data Mining and Machine Learning in Building Energy Analysis)*. China Machine Press, China, 2018. Paperback 153 pages (in Chinese).

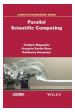

[3] F. Magoulès, F.-X. Roux, and P. Iványi. *Párhuzamos Számítási Módszerek (Parallel Scientific Computing)*. Pollack Press, Pécs, Hungary, 2018. Hardcover 196 pages (in Hungarian).

[4] F. Magoulès and F.-X. Roux. *Calcul scientifique parallèle: Cours, exemples avec OpenMP et MPI, exercices corrigés, 2ème édition*. Collection Sciences Sup, Mathématiques / SMAI. Dunod, Paris, France, 2017. Paperback 286 pages (in French).

[5] F. Magoulès and H.-X. Zhao. *Data Mining and Machine Learning in Building Energy Analysis*. Computer Engineering Series. Wiley-ISTE, London, UK, 2016. Hardcover 186 pages.

[6] F. Magoulès, F.-X. Roux, and G. Houzeaux. *Parallel Scientific Computing*. Computer Engineering Series. Wiley-ISTE, London, UK, 2015. Hardcover 354 pages.

[7] F. Magoulès, F.-X. Roux, and T. Kuwahara. *Heiretsu keisan-no suuri-to algorithm (Parallel Scientific Computing)*. Morikita Publishing Co Ltd, Tokyo, Japan, 2015. Paperback 246 pages (in Japanese).

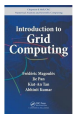

[8] F. Magoulès, F.-X. Roux, and G. Houzeaux. *Cálculo Científico Paralelo (Parallel Scientific Computing)*. CIMNE, Barcelona, Spain, 2014. Paperback 311 pages (in Spanish).

[9] F. Magoulès and F.-X. Roux. *Calcul scientifique parallèle: Cours, exemples avec OpenMP et MPI, exercices corrigés*. Collection Sciences Sup, Mathématiques appliquées pour le Master / SMAI. Dunod, Paris, France, 2013. Paperback 286 pages (in French).

[10] F. Magoulès, J. Pan, and F. Teng. *Cloud-Computing: Data-Intensive Computing and Scheduling*. Chapman & Hall/CRC Numerical Analysis & Scientific Computing Series. CRC Press, Boca Raton, USA, 2012. Hardcover 231 pages.

[11] F. Magoulès, J. Pan, K.-A. Tan, and A. Kumar. *Introduction to Grid Computing*. Chapman & Hall/CRC Numerical Analysis & Scientific Computing Series. CRC Press, Boca Raton, USA, 2009. Hardcover 334 pages.

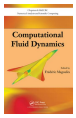

[12] F. Magoulès, T.-M.-H. Nguyen, and L. Yu. *Grid Resource Management: Towards Virtual and Services Compliant Grid Computing*. Chapman & Hall/CRC Numerical Analysis & Scientific Computing Series. CRC Press, Boca Raton, USA, 2008. Hardcover 306 pages.

Edited Books

[13] F. Magoulès, editor. *Patterns for Parallel Programming on GPUs*. Computational Science, Engineering and Technologies Series. Saxe-Coburg Publications, Stirlingshire, UK, 2014. Paperback 328 pages.

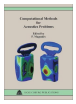

[14] F. Magoulès, editor. *Computational Fluid Dynamics*. Chapman & Hall/CRC Numerical Analysis & Scientific Computing Series. CRC Press, Boca Raton, USA, 2011. Hardcover 407 pages.

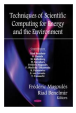

[15] F. Magoulès, editor. *Substructuring Techniques and Domain Decomposition Methods*. Saxe-Coburg Publications, Stirlingshire, UK, 2010. Hardcover 272 pages.

[16] F. Magoulès, editor. *Fundamentals of Grid Computing: Theory, Algorithms and Technologies*. Chapman & Hall/CRC Numerical Analysis & Scientific Computing Series. CRC Press, Boca Raton, USA, 2009. Hardcover 322 pages.

[17] F. Magoulès, editor. *Computational Methods for Acoustics Problems*. Saxe-Coburg Publications, Stirlingshire, UK, 2008. Hardcover 336 pages.

[18] F. Magoulès and R. Benelmir, editors. *Techniques of Scientific Computing for Energy and the Environment*. Nova Science Publishers, Inc., New York, USA, 2007. Hardcover 102 pages.

[19] F. Magoulès, editor. *Mesh Partitioning Techniques and Domain Decomposition Methods*. Saxe-Coburg Publications, Stirlingshire, UK, 2007. Hardcover 368 pages.

[20] F. Magoulès and T. Kako, editors. *Domain Decomposition Methods: Theory and Applications*. Mathematical Sciences and Applications Series. Gakkotosho, Tokyo, Japan, 2006. Hardcover 271 pages.

Edited Conference Proceedings

[21] P. Iványi, F. Magoulès, and B.H.V. Topping, editors. *Proceedings of the Seventh International Conference on Parallel, Distributed, GPU and Cloud Computing for Engineering*. Civil-Comp Press, Edinburgh, UK, 2023. Online volume: CCC 4.

[22] J. Bourgeois and F. Magoulès, editors. *Proceedings of the 2016 IEEE Intl Conference on Computational Science and Engineering, CSE 2016, and IEEE Intl Conference on Embedded and Ubiquitous Computing, EUC 2016, and 15th Intl Symposium on Distributed Computing and Applications for Business Engineering, DCABES 2016, Paris, France, August 24-26, 2016*. IEEE Computer Society, 2016. ISBN 978-1-5090-3593-9.

[23] J. Bourgeois and F. Magoulès, editors. *Proceedings of the 2014 IEEE International Conference on High Performance Computing and Communications, 6th IEEE International Symposium on Cyberspace Safety and Security, 11th IEEE International Conference on Embedded Software and Systems, HPCC/CSS/ICESS 2014, Paris, France, August 20-22, 2014*. IEEE Computer Society, 2014. ISBN 978-1-4799-6123-8.
